

A woman with long brown hair, wearing a black top, a denim jacket, black pants, and black boots, stands smiling in front of a grey door with three vertical glass panels. The door has a silver handle and a lock. The scene is outdoors on a paved area with some greenery.

*“Protect
what you
love the
most.”*

Stylish. Secure. Solidor®

solidor.co.uk

“What does your front door say about you..?”

Solidor®

Leading the way in secure
composite doors

Introduction

The Solidor Collection is an outstanding range of industry leading, solid timber core composite doors. Each Solidor exceeds building regulation requirements and combines traditional and contemporary styling with a full range of Secured by Design locking which provides a stunning, high quality and secure entrance to any home.

With a thickness of 48mm, a Solidor door is nearly 10% thicker than most alternatives. Each unique solid timber core is completely encapsulated within a highly durable plastic edge banding and two thermo plastic door skins. This means that your customer will never have to worry about painting or varnishing their Solidor.

These doors are exclusively available in the widest range of styles and frame colour options, (23 colours available, please see page 8) with the option of a mobility threshold, making it the perfect solution for easy wheel or push chair access. We offer a comprehensive range of matching coloured frames, that are available with either glass, composite side panel or quarter panel to compliment the look of any property.

Solidor composite doors are manufactured to the highest standards. We hold BSI Kite mark accreditation BSI ISO 9001 for quality management, BSI EN1279 for insulating glass units.

We are also PAS24:2016 certified, hold CE Marking and Secured by design licences, and are members of the prestigious GGF and Association of Composite Door Manufacturers.

Choosing Solidor®

We understand that knowing your home and family are protected is a major factor when choosing a new door.

You can rest assured that with our door construction, coupled with our unique, reinforced door frame and Secured by Design locking systems, your home will be as safe as can be when you choose Solidor.

A typical foam filled door construction

Solidor's unique solid timber construction

40mm Foam Filled Centre
performs thermally, but because this is a foam fill it is neither solid, nor secure.

44mm Solid Timber Core
that is thermally efficient and extremely secure.

Visible Edge Banding
as a result you will often see a different coloured line running the length of the door.

Hidden Edge Banding
so the front of your door remains a solid, glorious slab of colour.

Gel Coated GRP Outer Skin
may offer protection but can be easily cut through. Also, because every door is a white blank that is surface painted they show scratches very easily.

'Through' Colour ABS Skins
made from the same durable plastic as Lego®. Also, because the entire skin is made of a solid colour, any scratches are practically hidden.

3 Chamber Profile
which use valuable steel or aluminium reinforcements. Also, you should check if they are lead free.

Lead Free, 5 Chamber Profile
which uses 100% recycled reinforcing. Generally, the more chambers that a profile uses, the stronger and more thermally efficient they are.

Wood Grain Effect Skin
that gives all of the aesthetics of timber, but without the time consuming maintenance.

To see our security test video visit www.solidor.co.uk/tv

Security

The most secure composite door on the market

Lock options

The Largest Deadbolt in the UK!

On lever handle doors we fit our Avantis Secured by Design lock. This has the industry's largest 25.4mm deadbolt for added security.

It also has built in compression and dampeners to give the smoothest operation on the market.

Automatic AV2 Mech Lock

The automatic AV2 mechanical lock operates as a slam secure lock as soon as the door is closed.

AV2 B allows home owners to unlock the door from a distance using a remote control device. (Only available with a lever/lever handle)

Automatic AV3 Mech Lock

The new autoLock AV3 automatic multi-point locking system has a magnetic trigger in the frame. Two self-locking sturdy hooks provide security and two sealing elements ensure correct closure.

A daytime release function is integrated as standard with easy one-handed operation or motorised release.

Lock Positioning

Standard Slam Shut Auto lock

The Slam Shut lock is an automatic multi-point locking system. It features two

self-locking hooks to provide additional security and two sealing elements ensure correct closure.

Heritage Slam Shut Lock

The aesthetics of a traditional rim latch, but incorporates the latest high security slam shut technology.

The lock automatically engages as the door closes.

Key Operated Multi-Point Lock

Customers who do not want handles can upgrade to our key operated multi-point lock.

Supreme Security Accreditations

£5000 *Home Owner* GUARANTEE

A Solidor fitted with a **3 Star Security** Ultion cylinder and **2 Star Security** LockLock handle qualifies for our **£5,000 Homeowner Guarantee**.

Offering you *real* peace of mind

ALSO, EVERY SOLIDOR IS FITTED WITH ULTION AS STANDARD
THAT MEANS IF AN INTRUDER BREAKS INTO YOUR HOME AS A
RESULT OF SNAPPING ULTION, ULTION WILL PAY YOU £1000

Molybdenum Alloy Core
25% denser than Iron

Resistance Sections
Sacrificed when snapped

A Colourful Entrance

We offer the **largest** range of colours from stock in the UK.

Choose from **23 colours** inside and/or outside for the door with **18 frame** colour options.

If you are matching paint to one of our doors it is advised that you ask for a colour swatch.

THE Italia Collection

The Italia collection from Solidor is a new generation of truly contemporary designs which will add a touch of style to your home. Carefully designed and crafted from the finest materials, every door in the Italia collection has a definite style inspired by the Italian passion for design.

Each door is handmade in Staffordshire, ensuring the finished product is of an outstanding quality and made as individual as can be. Choose from a range of glass styles and door furniture which have been carefully chosen with the latest fashion and designs in mind. All of the doors in the Italia Collection are also available with Warwick Glass - hand made so no two pieces are ever the same.

Pilkington Texture Glass Warwick™

This design is unique amongst our patterns because it is produced using a different manufacturing method. Pilkington Texture Glass Warwick™ is a random pattern that is added along the central portion of the pane and this has implications when cutting the glass down into finished sizes. It is possible, if a pane is small enough, it could be cut with no evidence of the pattern at all.

None of the Pilkington patterns are designed to have an orientation (an up side) but care needs to be taken with adjacent panes that the pattern direction is maintained. There is a linear nature to Pilkington Texture Glass Warwick™ and so householders should be aware that there could be aesthetic implications when choosing this design. Also, for the glass supplier the result may be that this pattern is less accommodating when cutting and may result in a greater proportion of seldge from the original glass plate.

Warwick Glass available in all of our doors

Abstract Glass available in the Pisa, Turin and Siena

Satin Glass available in all of our doors

THE Traditional Collection

The Traditional collection from Solidor, brings classic designs into the modern era.
Each door design is suited to both traditional and modern properties alike,
and will add a touch of elegance to every home.

French Doors

All of our designs, in all of our colours are available in a French Door option, with a range of handle options, encompassing a high security, adjustable, multipoint locking system.

Available as inward or outward opening doors. Because our French door range is so vast, please contact us for the minimum and maximum sizes before you order your set.

NOTE: Available with UPVC and aluminium threshold on inward opening sets, and UPVC only on outward opening sets.

Flush, integrated two way lever, which throws the shootbolts and removes the need for a lever handle and cylinder to give the option to use our Italia Collection handles on both leaves, alternatively, go for lever operated!

Standard option is both doors to be lever handle operated.

Stable Doors

The majority of our standard and many of the Italia Collection door styles are available as open in (only) stable doors. Available in any colour on any side.

(contact us for more details)

Solidor®
EXCLUSIVE

All of our stable doors come with a high security, fully adjustable multi-point locking system. They are also keyed alike, benefit from an internal thumb turn cylinder on the top and bottom half and have a latching security bolt as standard.

Side Panels

Complement your property with a full range of matching full height and half side panels.

(contact us for details on the full range of side panels available)

Amazing Glazing

A fine selection of beautiful glass to perfectly complement your choice of door. Whether modern or traditional you will find a glass style to really make your door stand out.

Jo Downs

HANDMADE GLASS

Solidor[®]
EXCLUSIVE

Jo Downs is one of the world's most respected fused glass designers. Working from her Cornwall studio, Jo's work draws inspiration from the beautiful coastal landscape while her advanced fusion techniques allow for the creation of abstract designs of great individuality and depth.

*Please be aware that each piece is individually hand crafted and therefore no two pieces are the same.

The stunning Cornish landscape that inspires Jo's work

Using carefully selected materials, the glass tiles are laid out and then baked in a kiln, producing really eye catching results.

Hand crafted, each piece of glass is unique, turning the door to your home into a stunning work of art.

Solidor[®]
EXCLUSIVE

Artistic Glass

Inspired by classical artistic styles, such as art deco, minimalism, and the impressionist movement, The Modernist Range of glass is unique to Solidor.

However, style does not come at the expense of security and every one of our glass designs can be triple glazed and toughened. (Featured hinge is no longer available, please see page 40 for new hinge option)

Tie the vintage look together with wicker or ceramic hanging baskets.

Selina Says

"Solidor gave me the realistic wood grain effect I was looking for, but they use modern materials for absolute piece of mind"

Style guru
Selina Lake
chooses Solidor®

Beeston Stable

Vintage farmhouse or chic and contemporary,
the style is as adjustable as the door itself.

Suited to both period and modern properties alike, the **Beeston Stable Door** allows you to bring the outside into your home.

► *Bring the outside in*

"They're a great option for a side or rear door" says Selina. "The two independently operating doors bring the outdoors inside, increase the flow of natural light, help with air circulation during the warm summer months, and all the while keep your children and pets safely contained."

Make a feature ▲

Selina decorated her door with a wreath (they aren't just for Christmas you know!) Keep your door looking fresh all year round by replacing the door wreath with the changing seasons.

All of our standard, and many of our Italia Collection, door styles can be converted into a stable door.

▼ *Create a landing spot*

Give your outdoor space or porch area a sense of comfort by placing a piece or two of weather-resistant furniture near the entry. A bistro set is an easy addition for any patio size, and a perfect spot to relax outdoors with a cup of coffee!

Selina Says

"It took a while for us to decide what colour to choose, but their design your own door application was fantastic, I'm so happy we went for Anthracite Grey."

Selina used our online door designer to create her dream door. Try it for yourself here:

<http://doordesigner.solidor.co.uk/>
